

Product information		
	ESS-250A-70-B-BK-02-28010000046 Energy storage connector, product range: ESS socket, color: black, wir section: 70 mm ² , rated voltage: 1500V, rated current: 250A, connection method: copper bar, contact type: hole type	
Product advantages		
 Degson has its own patented of There are no safety locks There''s a free spin of 360° There''s no electric shock proto There''s no wrong insertion or 	ction	
Product certification

Product drawing 3D model Overview Insulation Materials Flame retardant grade, in line v color	th UL 94 V0	
Product drawing 3D model Overview Insulation Materials Flame retardant grade, in line v color	th UL 94 V0	
Flame retardant grade, in line v color Electrical parameters UL	th UL 94 V0 black	

Clamping ring material	Silicone
O-ring material	Silicone
Contact material	Copper alloy
ectrical parameters	
Rated current	250A
Insulation resistance	>5000ΜΩ
Contact resistance	≤0.5mΩ
echnical specification	
IP class	IP67
nvironmental data	
Ambient temperature (operation)	-40°C∼ +125°C

Accessories

Business data		
Order number	2801000046	
Packing unit	25	
Minimum order quantity	25	
Products weight (without packaging)	1
