

### Overview

### Product information

# DLM-M25P-21030000088

M25x1.5 Metal Lock Nut

# Product advantages

☑Fix cables to prevent internal wiring from being affected by pulling, swinging and other factors; ☑Waterproof and dustproof, support IP68 high protection level。

Product certification

#### Technical data

Product		Irawana
1 IOUUCL	u	ıı avvii iy

3D model

# Marking

classification	Accessories
Accessries type	Lock nut

### Material characteristics

RoHS	Comply with RoHS exemptions
Material (lock nut)	Nylon

# Technical specification

Limiting temperatures	-40°C~+100°C
Wrench specifications	30
Thread specification	M25
Thickness	5.2mm

# Accessories

# Business data

Order number	21030000088
Packing unit	100
Minimum order quantity	5
Products weight (without packaging)	2.7
